

在瞬息萬變的時代巨輪裏，教育政策不斷改革。過去十多年，本校一直秉持堅持不懈、努力創新的宗旨，期望穩中求變，趕上時代步伐。時至今天，本校略有小成，亦有幸得到區內家長及學生的支持，我們深感鼓舞，更讓我們深信只要用心辦學，保棠學生定能茁壯成長，將來在社會上發光發熱。

為讓大家能分享本校的校園生活點滴，與我們一同成長，本期《棠晴》主要從以下四方面介紹本校特色：

- 棠精-保棠的精彩片段
- 棠室-保棠的特別室
- 棠情-保棠的師生情
- 棠堂-保棠的多元化課堂

題解

校報以「棠晴」為名，「棠」代表著全校的師生，亦與我校另一定期的家校通訊「棠內堂外」一脈相承。「晴」代表充滿朝氣之意，也取其諧音與「情」相近，意指藉著這份校報，增進全校師生的感情。故「棠晴」意指全校師生充滿朝氣，努力向前，大家團結一致。

2021-2022中一自行分配學位座談會暨開放日

是次活動於2021年12月12日圓滿結束，去年因疫症關係，座談會只能於網上舉辦，本年疫情緩和，座談會終能安排於禮堂進行。本年原本安排兩場座談會，因報名人數踴躍加開至三場。為配合防疫工作，座談會設人數上限，三場座談會共吸引逾700位區內外家長蒞臨參與。是次座談會除介紹學生公開考試概況、中一自行收生分配學位情況、校園各項設施外，還介紹了資訊科技學與教、STEAM學習活動、多元化課外活動安排等，讓參觀者深入了解本校情況。

座談會概況

LED大型液晶體顯示屏

為令禮堂進行的活動、比賽及講座有更佳的視覺效果，本校已於上年度在禮堂添置了一面6.72米乘3.36米的大型液晶體顯示屏，以提供高清顯示的影像。有關的液晶體顯示屏的解像度可達致2,688x1,344並具3000:1的對比度。

各師生在本年度的週年及聖誕聯歡等活動，均已利用該系統作顯示及背景圖像之用，令活動生色不少。

課室All in one電腦及咪箱

本校本年在課室更換了All in one電腦及咪箱，提高老師課堂上的教學效能，師生亦可利用課室的無線咪，連接個人電子設備，播放裝置內的音訊。

資訊科技組老師不定期為資訊科技領袖生提供工作坊，務求讓同學熟悉每項設備的功用，在課堂上更能協助老師和同學們。

學生眼中最愛的校園角落

這裡的設備齊全，當中的立體打印機及鐳射切割機更是我們製作參賽作品的得力助手！看著愈來愈多的新設備，希望大家能好好利用它們，發揮創意。(5C郭培樂)

乒乓球桌

位於一樓的乒乓球桌是我最愛的校園角落，那裡有五張球桌，就算很多同學想打乒乓球，也不用排隊。有時在小息時來這裡舒展一下筋骨，反而更有精神預備下一課呢！(4B李鈞翔)

動物壁畫

不知道大家有沒留意到這些可愛的壁畫？我很喜歡在校園閒逛時愛掘這些小動物，令我覺得校園中更有情味。(4A叶宝莹)

Celine Cafe

Celine Cafe的桌椅充足，每朝我都會在這裡與同學相聚，有時閒聊一下，有時一起溫習。而且這裡還有食物自動販賣機，真是很方便！(2A簡國亮)

小溫室

本校為香港中文大學生命科學院舉辦的STEAM @ Soybean計劃的合作學校。本校師生根據學校的環境設計並改良符合種植大豆的小溫室，為不同種類的大豆提供有利及穩定的種植環境。

此計劃獲教育局優質教育基金撥款支持，是一項以大豆科研為主題的系統性STEAM教育活動計劃。

小溫室加設太陽能滴水系統，內建的程式及滴水系統，能按需要定時定量滴水灌溉，而太陽能的運用能夠避免電力耗盡或忘記灌溉，從而提高人力資源的運用。

綠化牆

垂直綠化牆，有着裝飾牆身，達致綠化及美觀的效果。綠化牆植物也能淨化空氣中的污染物，提高空氣質素。

學校地下垂直綠化牆種植的植物有紫竹梅、波士頓蕨、花葉連翹、蚌花和鴨腳木。植物的選取都按照學校現場環境的受光和受風程度作對應。再運用顏色配搭來砌出代表學校的英文字母圖案「PLKCHC」。

「我從香港奧運運動員身上學習到」徵文比賽

初中組冠軍 2A 馮日希

「我從香港奧運運動員身上學習到……」

「只要努力不放棄，大家都會做到。」，「只要努力都可以有好成績。」，這些都是香港奧運運動員的金句。金句中
可以體現出每位香港奧運運動員都有一股熱忱以及鍥而不捨的精神。其中我最佩服單車運動員李慧詩，她把「鍥而不
捨」這四個字表現得淋漓盡致，也是她讓我學習到什麼是鍥而不捨的精神……

「砰！」只見我又從單車上跌了下來。「兒子你怎麼樣，你怎麼樣……」媽媽慌張地跑過來詢問我的情況，如坐針
氈。我沮喪地說：「媽媽，學單車很難，每次都會跌倒，很痛啊！我不想再學了。」說到這裏我眼眶泛紅，黯然神
傷。媽媽沉默了一會，然後說：「乖，我先帶你去包紮，等會兒再說這事。」我點頭答應，小心翼翼地站起來，並步
履蹣跚地走去醫療室。

回到家裏，我坐在沙發上看到一個關於香港運動員的電視節目——李慧詩的介紹。我倍感興趣，因為李慧詩是單車運動
員；但又有點失落，因為我對單車產生了「陰影」。就這樣懷着複雜的心情看下去。

「李慧詩生於香港，在牛頭角下邨長大，有『牛下女車神』之稱。李慧詩的「不死
精神」一直被香港人視為榜樣。她自幼患有貧血，每次進行高強度訓練或比賽後，
需要比其他人的恢復時間。2006年，她在一次訓練中意外翻車導致手腕骨裂，曾
三度手術失敗。因此，教練沈金康曾勸她退役，但被她拒絕，在養傷期間仍堅持訓
練。其努力令她在2010年亞洲運動會中打破亞洲紀錄，贏得金牌。」

看到這裏，我心裏頓時感到羞愧：一個女子遇到那麼多挫折和疾病，卻能夠堅持自
己的夢想努力下去，而我沒病沒痛，只是經歷了小小的挫折就放棄……想到這裏我
就越發慚愧，而媽媽也察覺到我的變化，於是「乘虛而入」：「現在你還要不要學
單車？」「要！」我擦乾眼淚，笑着說：「我要努力下去，好像李慧詩一樣出
色！」

李慧詩是我最佩服的香港奧運運動員，她把「鍥而不捨」這四個字表現得淋漓盡
致，也是她讓我學習到什麼是鍥而不捨的精神……

一顆大豆的故事

香港中文大學

Steam@Soybean徵文比賽

亞軍 3C 鄭津頤

大豆不論是在遠久的古代還是現代，都一直深受人們喜愛。大豆現在相當普遍，遍佈全
世界，幾乎能處處看到大豆和其豆製品。經常能接觸大豆的你，又是否了解大豆呢？

我是一顆普通的大豆種子，自發芽起便和兄弟姐妹們一起待在土裡，一天一天成長。我
們大豆屬於五穀之一，五穀分別是稻、麥、黍、小米和大豆。五穀起源自我國遠古的春
秋戰國，當時我們並不叫大豆，而是「菽」，由那時起，我們便被人們種植食用。在宋
朝的時候，大豆已經很普遍，人們已習以為常，並都處種植。人們在我們成熟後會把我
們造成不同製品，例如當時盛行的豆腐等。到了明朝，豆的種植和種類便完全成熟，而
現在大豆的種植面積不斷增加，大豆一直深受人們喜愛。

從發芽到成熟真是一段難熬又無聊的時光。自發芽起的每一天，我和兄弟姐妹百無聊賴
地待在土裡。北方的氣候很適合豆類生長，太陽幾乎每天都會為我們提供陽光，機器會
為我們澆水，農夫們則會為我們提供營養又美味的肥料，供給我們成長所需。當有蟲災
的時候，農夫會為我們灑上化學農藥，防止我們被蟲吃掉；豆田的周圍亦有一些高大的
稻草人，保護我們不被鳥兒吃掉。我們大豆的成長要求很少，不用太多條件和肥料，加
上產量高，製品種類多，因此吸引了不少農夫種植。

發芽後大概三、四個月，我們便會成熟，成為一顆可以供人類食用的大豆。大豆的抗病力很強，而且大豆含豐富蛋白
質，足以媲美肉類，而大豆和同份量的肉類相比，所含的蛋白質比肉類高出約兩倍。大豆能造成的豆製品隨著時間推
移越來越多，例如豆腐和豆漿。在經過加工後，我們更可以被做成醬油、味噌、納豆等，而餘下的豆渣或磨成粗粉的大
豆也可以用於禽畜飼料，用處非常多。我們大豆的營養價值也非常高，具有清熱解毒、益氣等功效。

近年，人們發明了基因改造。經過基因改造的大豆，有一些能抗農藥或除草劑，但是現在的人並不贊同基因改造，因
為人們認為經過基因改造的大豆會危害人類的健康，甚至在全球各地不接受基因改造大豆。其實，在各國基因改造食
品都被法例規管，規定基因改造食品必須經過規管機構的安全評估及批准，才可在市面出售，因此在市面出售的基因
改造大豆對人體絕無健康影響。此外，現時全球的大豆需求不斷大幅增加，由一九五零年的一千七百噸增至二零一零
年的二億多噸。若果我成熟後被帶到世界各地，我最希望能被做成醬油或豆腐，因為這兩種食品最為普遍，且較多人
喜歡食用。

作為一顆大豆的我，供人類食用是我的職責。雖然很多事情會隨著時間改變，但「粒粒皆辛苦」這一點是不會變的，
希望人們能好好珍惜食物，不要浪費。

人工智能Edge-級方程式賽車比賽

由智慧城市聯盟主辦和STEM Plus協辦的「校際人工智能Edge-級方程式賽車比賽」，已在12月10日至12日，一連三日於亞洲國際博覽館舉行，首屆有21間學校逾70隊參加，約300位學生參與這項比賽。本校中三至中四級學生分別組成三隊隊伍參賽，各隊均有出色的表現，當中中三級學生更於是此比賽奪得冠軍（Jetbot Champion），而中四級學生則勇奪Jetbot Best Single Lap Time 及 Best Team Name Champion獎項。AI E-級方程式賽車是透過人工智能去學習無人駕駛，用家需要透過輸入精準的相片，令系統可以辨識路線。是次比賽增加學生對人工智能技術的認知，鼓勵他們在創科路上繼續學習。

老師與學生們在比賽前準備充足，並且士氣十足，最後更在比賽中取得冠軍。

iGEM 國際遺傳工程機器設計競賽

國際遺傳工程機器設計競賽（英語：International Genetically Engineered Machine Competition, iGEM）是一年一度的世界級的合成生物學競賽，由麻省理工學院於2004年首創，旨在培養合成生物學人才，促進各國大學本科生在該領域的學習、交流與合作。本校於今屆iGEM競賽中，勇奪銅獎，過程中透過與香港科技大學合作、校內培訓、STEAM研發、安排學生出席交流會及於公開場合演說等，培養學生科學素養並拓展其國際視野。提升學生將來在科研領域發展的潛力。

職業治療師 行業體驗工作坊

此工作坊為生物科及生涯規劃組的跨科組合作活動，讓學生了解職業治療師的工作內容、入行條件及行業發展前景，同時透過體驗活動令學生了解長者生活需要，學習包容體諒及幫助別人的正向思維。

學生了解如何應用IT科技活動，幫助長者改善自己身體機能及提升生活質素。

學生在工作坊深感職業治療師不只是工作，而是能幫助別人適應生活。

Other Learning Experiences Week (OLE)

In line with the requirement of the 3-3-4 new education system in the aspect of Other Learning Experiences, a 4-day programme which aimed at fostering students' all-round development, including extra-curricular activities, services and moral values, was organized in mid-December. Students were engaged in the programme dubbed as 'Other Learning Experiences Week'.

More than forty theme activities were held by all subjects. For example, through a visit to China Light & Power Company (CLP) and Low Carbon Energy Education Centre, the Chemistry Department helped students understand the importance of low carbon energy so as to address the environmental challenges. A variety of activities were conducted by the Career and Life Planning Committee, namely coffee brewing and latte art workshop; and creative digital media design on mobile apps. A visit to an insurance company helped students get the first-hand experience of duties of the insurance industry from the sharing session of the representatives. Through the visits to the Mills and Mei Ho House, the Personal, Social and Humanities Education Department encouraged students to explore the continuity of an authentic Hong Kong story and to understand the evolution of public housing.

What is the most memorable English learning experience in Po Tong?

The Debate Competition, which is time-consuming yet thrilling, is one of my favourite English learning experiences in Po Tong. With adequate preparation, students vie for the championship desperately. Not only did I prepare for my speech, but I also envisaged how my opponents would rebut my argument. It goes without saying that debating is exhilarating since students have to react rationally and confidently in the blink of an eye. However, what I enjoy most after delivering my speech is the loud applause from my fellow schoolmates.
4C Fok Yu Yan

English Day Camp is definitely one of the most memorable learning experiences in my school life. Not only are we motivated to explore English Language through activities and games, but it also helps us attain higher English proficiency as we can get a chance to talk with NETs. Participating in English Day Camp really enables us to acquire a wide range of daily vocabulary. Playing games with NETs is also incredible. I really miss these interactive and educational experiences.
5B Chan Wing Tung

Authentic English Learning

To foster a rich English speaking environment with authentic English materials, the English Department has devised a comprehensive scheme. Interactive activities with native English speakers during English Day Camp can enhance students' English proficiency. In after-school activities, namely Chill Time and Fly with Me, in which songs and videos are broadcast, students can learn vocabulary and idioms used in real-life contexts. Students are also encouraged to utilize their electronic gadgets to get access to news online before discussions with classmates.

Students enjoy playing group games with NETs in English Day Camp.

Writing debate speeches with NETs is a fulfilling and fruitful experience.

STEAM - paving the way for the future

STEAM is an approach based on the idea of educating students in specific disciplines, namely Science, Technology, Engineering, Arts and Mathematics.

In cooperation with the Chinese University of Hong Kong, the Coral Cultivation Workshop held last December is part of a project to conserve corals on campus. The corals cultivated by our students will eventually be transplanted to Tolo Harbour to assist in the restoration of coral communities.

Students measure the water quality once a week and keep a record of coral growth once a month. All data will be uploaded to the database of the Chinese University of Hong Kong.

This is the fourth year that our school has participated in this project. Through the workshop, students learned to take an active role in conservation, which also encouraged them to take greater responsibility for environmental protection.

A Lifelong Process of Career Development

The Career and Life Planning Committee organised a wide variety of activities in the first term of this academic year. With the aim of engaging students in different learning experiences, the activities encouraged self-discovery among students and helped them explore possible career paths.

In junior forms, the activities and workshops aimed to promote self-discovery before selecting their electives in the senior forms. In senior forms, the workshops and talks focused on career planning, allowing students to have a better understanding of the job nature and prospects of different industries.

Through the mock interview workshop, students learned different interview skills and how to introduce themselves in an organised way.

The Coffee Brewing and Latte Art Workshop aimed to help students learn basic brewing techniques and the uses of different types of coffee-makers.

I could never imagine what my school life would be like without...

School Library. With the relaxing atmosphere and the computers available, it is where I read my favourite books and finish my homework after school.

Creating the Perfect Reading Atmosphere

Students could purchase books at a discount in the book fair featuring different themes at school.

To enhance the reading atmosphere and nurture students' reading habit, our College has been organising different types of activities. Last November, a book fair organised by Joint Publishing was held. A wide range of books was clearly displayed. Students visited the book fair and chose their favourite books at recess and after school.

Attachment Towards Po Tong

A New Chapter to be Written with Po-tongers

Mr. Ng Ka Nam

Short as the duration for me to join Po Tong is, I have already felt the dynamic environment created by teachers and students. As a newcomer, there is no denying that I feel anxious in a new workplace. Thanks to teachers and students, even with surgical masks on, I am motivated by the warmest greetings and smiles on earth. Without doubt, this welcoming atmosphere makes me feel that I am definitely part of the big family.

Being curious about everything, students in Po Tong have high learning motivation. Apart from the assignments I have given, many students ask for more exercises to consolidate their knowledge. This blessing motivates me to excel myself by trying different teaching methods. Their eagerness to learn out of the syllabus always makes me proud. I strongly believe that Po-tongers can learn actively and ace the public examination.

The Most Haunting Experience

6A Leung Wai Lim

Time moves swiftly onward! I cannot believe this is my last year in Po Tong. Meanwhile, it was my last time I participated in the Christmas party. To be honest, performing on stage, especially singing in front of the audience, is my long-cherished goal. It is an incontestable fact that the singing contest is a platform for us to showcase our talents. Not only can we step out of our comfort zone, but we can also accumulate numerous experiences beyond books.

Leung Wai Lim (the one in the middle)

Despite the fact that we failed to make it to the final of the singing contest, we were honored to be the emcees of the Christmas party this year. Thanks to my soulmates, we shared all the ups and downs together since we have been working well for 4 years. The time we have spent together is precious and priceless. It goes without saying that we are definitely second to none when it comes to team spirit.

Life at High School with Blood and Sweat

6A Lam Sze Wan

Little by little, it has been my sixth year in Po Tong already. I won't forget how nervous I was when I first entered this school. Luckily, the most grateful thing was that I found a

Lam Sze Wan (the third one on the right in the second row)

became my loyal buddies very soon! When I am sad, they are always the first one to lend me a shoulder to cry on; when I am doubtful about myself, they are willing to listen to me and give me the most unbiased advice. Thank you for making me a better person.

Po Tong is also a huge family where I find supportive teachers as well! I have to thank my senior forms' class teachers, Mr. Chow Wai Leuk and Mr. Chan Chi Leung. Not only do they impart knowledge to me, but they also give me spiritual backing. Preparing for the HKDSE Exam is exhausting, I sincerely thank my comrades to go through all the way with me in this journey and support me through thick and thin. Thank you, Po Tong! Thank you, my buddies!

A Great New Start

Miss Law Hiu Ting

This is my first year I start teaching in Po Tong. I was more than thrilled when I was informed that I could teach here. With great support from the college and the wonderful learning environment, high-quality visual art education is provided.

A photo was taken in VA Room.

As an art educator, not only do I give lectures to students, but I also aid them to develop creativity as well as to motivate them to explore a range of novel art media and techniques.

Po Tong is a well-equipped school allowing students to learn and explore their real interests. The strong bond between students and teachers in Po Tong is rarely seen elsewhere. I am excited to see my students excel themselves academically and personally in the near future.

A Warm Christmas Party Before the Final Rush

6A Li Kai Kin

It is no exaggeration to say that I often feel suffocated by the overwhelming workload. Thanks to the Christmas party, I finally got a chance to take a short break for a while.

Indulging in various festive school activities—fabulous singing contests, relaxing chats with schoolmates, memorial photo-taking time, to name but a few, I was so delighted to be a part of Po Tong family. When I was taking pictures with my classmates, I was reminded about how far we had gone through in our senior school years, with the vivid scenes in my head. Those good days, bringing our cool-looking apparatus for song jamming during breaks, sharing our future visions and dreams, and even being silly to goof around in class, never cease filling me with joy.

While preparing for the HKDSE Exam, I know that time and tide wait for no man. May all Form 6 Po-tongers strive for their best in the public examination. All I want to say now is thank you and wish you the best of luck in the future.
